IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of: Seung Won SEO ET AL.

Filed: CONCURRENTLY

For: DIGITAL DYNAMIC CONVERGENCE CONTROL SYSTEM IN A DISPLAY  
SYSTEM

INFORMATION DISCLOSURE STATEMENT

Commissioner of Patents and Trademarks  
Washington DC 20231

Sir:

In order to comply with 37 CFR 1.97 and 1.98, attached hereto is a  
copy of Form PTO-1449 and copies<sup>1</sup> of the documents listed thereon. These

<sup>1</sup> If a listed document is not in the English language and an English  
translation is readily available, such translation is also enclosed and attached to  
the copy of the document. If a translation is not attached, it is not readily avail-

documents contain information which the Examiner should consider during examination of the present application.

In accordance with MPEP Sections 609 and 707.05(b), it is requested that each document cited (including any cited in applicant's specification which is not repeated on the attached Form PTO-1449) be given thorough consideration and that it be cited of record in the prosecution history of the present application by initialing Form PTO-1449 next to the document. Such initialing is requested even if the Examiner does not consider a cited document to be sufficiently pertinent to use in a rejection, or otherwise does not consider it to be prior art for any reason, or even if the Examiner does not believe that the guidelines for citation have been fully complied with. This is requested so that each document becomes listed on the face of the patent issuing on the present application.

The relevance of the Japanese and Korean references to the present application is discussed in the specification at Pages 2 and 3, thus conforming to the requirements of 37 C.F.R. §1.98(a)(3).

---

able to the undersigned. If a foreign language patent document is cited, and an English language equivalent is known to the undersigned, then the English equivalent patent is also listed on the enclosed form along with the corresponding foreign language patent and a connecting arrow indicates the relationship between them. If no such English language equivalent is cited, then none is known to the undersigned.

The present Information Disclosure Statement is being submitted in compliance with 37 CFR 1.56, but the citation of such document is not to be construed as an admission that such document is necessarily relevant or prior art. No representation is intended that the cited documents represent the results of a complete search, and it is anticipated that the Examiner, in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR 1.104(a) and 1.106(b) and, in the course of each search, will review for relevance every document cited on the attached form even if not initialed.

Early and favorable consideration is earnestly solicited.

Respectfully submitted,
